Specific Instructions

Part II—Distributions of Income Set Aside For Charitable Purposes

Lines 17a-17e.—Provide a listing in sufficient detail for each class of activity for which a disbursement was made, and a charitable deduction under section 642(c) was taken.

Such amounts permanently set aside must be earned from amounts transferred to the trust before October 9, 1969.

Do not merely enter the category (i.e., religious, charitable, scientific, literary, or educational), but also enter the purpose of the deduction. For example, "payments of \$4,000 to indigent persons for medical purposes," or a "grant of \$25,000 to equip the chemistry lab at a university."

Part III—Distributions of Principal for Charitable Purposes

Lines 23a-23e.—Provide a listing in sufficient detail, similar to the examples provided above, for each class of activity for amounts paid out of principal for charitable purposes.

See the instructions for **Form 1041**, U.S. Fiduciary Income Tax Return, for more information regarding the allowance of deductions for amounts permanently set aside for a charitable purpose.

Part IV—Balance Sheets

Complete the balance sheets using the accounting method the trust uses in keeping its books and records. All filers must complete columns (a) and (b).

Assets

When space is provided to the left of column (a) for reporting receivables and the related allowance for doubtful accounts or depreciable assets and accumulated depreciation, enter the end-of-year figures.

Line 25—Cash-non-interest bearing.—Enter the amount of cash on deposit in checking accounts, deposits in transit, change funds, petty cash funds, or any other non-interest bearing accounts. Do not include advances to employees or officers or refundable deposits paid to suppliers or others.

Line 26—Savings and temporary cash investments.—Enter the total of cash in savings or other interest-bearing accounts and temporary cash investments, such as money market

funds, commercial paper, certificates of deposit, and U.S. Treasury bills or other governmental obligations that mature in less than 1 year.

Line 27—Accounts receivable.—Enter the total accounts receivable (reduced by the corresponding allowance for doubtful accounts) that arose from the sale of goods and/or the performance of services. Claims against vendors or refundable deposits with suppliers or others may be reported here if not significant in amount. If significant in amount, report them (with any advances to employees or officers) on line 37, Other assets.

Line 28—Notes and loans receivable.—Enter the combined total of notes receivable and net loans receivable (including receivables due from officers, directors, trustees, and other disqualified persons). In an attached schedule, show the following information (preferably in columnar format):

- Borrower's name and title.
- Original amount.
- Balance due.
- Date of note.
- Maturity date.
- Repayment terms.
- Interest rate.
- Security provided by the borrower.
- Purpose of the loan.
- Description and fair market value of the consideration furnished by the lender.

Line 29—Inventories for sale or use.—Enter the amount of materials, goods, and supplies purchased or manufactured by the trust and held for sale or use in some future period.

Line 30—Prepaid expenses and deferred charges.—Enter the amount of short-term and long-term prepayments of future expenses attributable to one or more future accounting periods. Examples include prepayments of rent, insurance, and pension costs.

Lines 31, 32, and 33—Investments—government obligations, corporate stocks, and corporate bonds.—Enter the book value (which may be market value) of these investments. Attach a schedule that lists each security held at the end of the year and shows whether the security is listed at cost (including the value recorded at the time of receipt in the case of donated securities) or end-of-year market value. Do not include amounts on line 26. Government obligations reported on line 31 are those that mature in 1 year or more. Debt securities of the U.S. government may be reported as a single total rather than itemized. Obligations of state and municipal governments may also be reported as a lump-sum total. Do not combine U.S. government obligations with state and municipal obligations on the attached schedule.

Line 34—Investments—land, buildings, and equipment.—Attach a schedule of all land, buildings, and equipment that are held for investment purposes, such as rental properties. List the cost or other basis of these assets, accumulated depreciation, and end-of-year book value.

Line 35—Investments—other.—Enter the amount of all other investment holdings not reported on lines 31 through 34. Attach a schedule describing each of these investments held at the end of the year. List the cost, or other basis, and the end-of-year book value.

Line 36—Land, buildings, and equipment.—Attach a schedule of all land, buildings, and equipment that are NOT held for investment purposes, such as the trust's offices. List the cost or other basis of these assets, accumulated depreciation, and end-of-year book value.

Line 37—Other assets.—Enter the book value of any trust assets that have not been reported on lines 25 through 36. If more space is needed, attach a separate schedule with a description of the asset, date acquired, and end-of-year book value.

Liabilities

Line 39—Accounts payable and accrued expenses.—Enter the total accounts payable to suppliers and others, and accrued expenses such as salaries payable, accrued payroll taxes, and interest payable.

Line 41—Other liabilities.—Enter the book value of any trust liabilities that have not been reported on lines 39 or 40. If more space is needed, attach a separate schedule with a description of the liability and amount.

Signature

Form 1041-A must be signed by the trustee or by an authorized representative.

If you, as trustee (or an employee or officer of the trust), fill in Form 1041-A, the Paid Preparer's space should be left blank. If someone prepares this return without charge, that person should not sign the return.

Generally, anyone who is paid to prepare a tax return must sign the return and fill in the other blanks in the Paid Preparer's Use Only area of the return.

If you have questions about whether a preparer is required to sign the return, please contact an IRS office.

The person required to sign the return as the preparer must complete the required preparer information and:

- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps and labels are not acceptable.)
- Give the trustee a copy of the return in addition to the copy to be filed with the IRS.
