General Instructions

Change To Note

After March 6, 1997, increased tax rates became effective on aviation gasoline (line 8) and aviation fuel other than gasoline (line 9). See the **Rate Table for Fuel Tax Claims** on page 3.

Purpose of Form

Note: Continue to use Form 8849 (Rev. January 1997), Claim for Refund of Excise Taxes, with these instructions.

Use Form 8849 to claim refunds of excise taxes. The claims may be from amounts you reported on Form 720, 730, or 2290. Also use Form 8849 to claim refunds of excise taxes imposed on fuels, chemicals, and other articles that are later used for nontaxable purposes or for which there is a reduced rate of tax.

Generally, you can file more than one type of claim on Form 8849. For example, you can file a claim as a gasoline wholesale distributor and a claim for nontaxable use of diesel fuel on the same Form 8849.

Exception. Registered ultimate vendor claims (line 6c) and gasohol blender claims (line 10) cannot be combined with other claims. Also, do not combine registered ultimate vendor claims and gasohol blender claims on the same Form 8849.

Note: You cannot claim any amounts that you took or will take as a credit on Form 720, Form 4136, Form 730, or Form 2290.

Use **Form 843**, Claim for Refund and Request for Abatement, to request an abatement or refund of interest under section 6404(e) (due to IRS errors or delays) or an abatement of a penalty or addition to tax as a result of erroneous IRS written advice.

Where To File

Mail Form 8849 to:

Internal Revenue Service

P.O. Box 312
Covington, KY 41012-0312

Filing the form with another Internal Revenue office will delay processing of your claim.
