Instructions

Gasohol Blending

Purpose. A gasohol blender uses Schedule 3 to make a claim for refund for gasoline used to produce gasohol.

Period of claim. Enter the period of the claim using MMDDYYYY format. For example, the first quarter of 2000 for a calendar-year taxpayer would be from 01012000 to 03312000.

Gallons. Enter the amount to the nearest whole gallon. See **How To Round** in the Form 8849 instructions.

Amount of refund. Multiply the rate by the number of gallons of gasoline and enter the result in the boxes for column (c).

Claimant. The person that produced the gasohol is the only person eligible to make this claim.

Claim requirements. The following requirements must be met:

1. The claim must be for gasohol sold or used during a period that is at least 1 week.
2. The amount of the claim must be at least \$200.
3. The claim must be filed by the last day of the first quarter following the earliest quarter of the claimant's income tax year included in the claim. For example, a calendar-year claimant's claim for gasohol sold or used during June and July must be filed by September 30.

Note: If requirements 1–3 above are not met, see **Annual Claims** in the Form 8849 instructions.

How to file. Attach Schedule 3 to Form 8849. On the envelope write "Gasohol Claim" and mail to the IRS at the address under **Where To File** in the Form 8849 instructions.
