

EXAMINATIONS

The goal of the EO Examinations office is to promote voluntary compliance by analyzing operational and financial activities of exempt organizations. The activities include developing processes to identify areas of noncompliance, developing corrective strategies, and assisting other EO functions in implementing these strategies.

Examinations' centralized case-selection and review process ensures consistency of enforcement activities and help the office focus its resources on the areas of highest noncompliance.

EXEMPT ORGANIZATIONS

The office of Exempt Organizations (EO), part of the Tax Exempt & Government Entities division, offers specialized assistance to charitable, religious, and educational organizations, civic associations, labor organizations, business leagues, social clubs, fraternal organizations, and private foundations.

The needs of this EO community of diverse organizations—from small local clubs to large national entities— vary widely. For example, private schools need to understand their obligation to publicize non-discrimination policies, while business leagues need to know whether lobbying activities are subject to a proxy tax. Some organizations need to know when certain activities may become taxable.

EO's programs and services help you understand and comply with tax laws and regulations governing exempt organizations.

RULINGS AND AGREEMENTS

The EO Rulings and Agreements office processes applications for tax-exemption and provides direction through private letter rulings and technical guidance.

■ **Determination Letter Process:** Through this process, Rulings and Agreements determines if your organization meets the requirements to be recognized as exempt from federal income tax. Instructions for filing an application for exemption are found in IRS Package 1023, *Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code*, and in IRS Package 1024, *Application for Recognition of Exemption Under Section 501(a)*. Publication 557, *Tax-Exempt Status for Your Organization*, contains examples of qualifying organizational documents.

■ **Private Letter Rulings:** This program helps you determine in advance how a specific transaction or arrangement might affect your organization's exempt status. The IRS publishes a Revenue Procedure at the beginning of each year in the Internal Revenue Bulletin explaining the private letter ruling process. It also details the fees for this service. In addition, you may call EO Rulings and Agreements at (202) 283-2300 for more information.

■ **Technical Guidance:** Rulings and Agreements provides guidance items of general applicability that explain how the tax laws may affect your organization. Materials include annual continuing professional education (CPE) text, Revenue Rulings, and Revenue Procedures. Click the “Charities and Other Nonprofits” link at www.irs.gov to research technical guidance that may apply to your organization.
