Be sure to submit a complete and accurate application. Complete every applicable line on the application. If an item does not apply, check the "N/A" box or enter "N/A" on the line. If your application is not complete, we will return it without processing it. The first page must be typed.

The questions are designed so that, unless they are not applicable, the article or section and page numbers indicating the location in the plan of the provision should be entered in the appropriate column. The column marked "CHANGE" is for IRS use only.

Unless otherwise noted, the questions in Parts I and IV apply to both M&P and VS defined contribution plans. Parts II and III apply to M&P Plans. This Form was originally used only for M&P plans, and many items, unless specifically referring to VS plans, are based on a Listing of Required Modifications (LRMs) containing sample language designed for use in drafting M&P plans. VS practitioners may also use this language if appropriate, and should still complete applicable parts of the Form, or explain why a particular question is not applicable.

Requests for additional information. If a letter requesting additional information or changes to plan documents, is sent to the sponsor or VS practitioner or an authorized representative, such information and/or changes must be received no later than 30 days from the date of the letter. Failure to respond timely may result in the application being considered withdrawn. An extension of the 30-day time limit will only be granted for good cause.

Inadequate submissions. We will return, without further action, plans that are not in substantial compliance with the qualification requirements or plans that are so deficient that they cannot be reviewed in a reasonable amount of time.

Who May File

Master or prototype plans. Sponsors, mass submitters and national sponsors (see *Definitions* later).

Volume submitter plans. Practitioners (including national sponsors) and mass submitters (see *Definitions* later).

What To File

One copy of Form 4461 should be submitted for each separate adoption agreement or for each separate specimen plan where no adoption agreement is utilized.

For initial approval, file this application and each applicable document listed in item 9(a). For approval of an amendment, file this application and a copy of each applicable document listed in item 9(b).

Different parts of this form must be completed depending on the type of plan for which you want approval.

M&P Standardized plans. If you want to receive an opinion letter on a standardized plan, complete Parts I and II.

M&P nonstandardized plans. If you want to receive an opinion letter on a plan other than a standardized plan, complete Parts I and III.

VS plans. If you want to receive an advisory letter on a VS plan, complete Part I.

Multiple plans. A sponsor may utilize one basic plan document for several plans. A sponsor may, for example, use one basic plan document for a money purchase plan other than a target benefit plan, a target benefit plan, and a profit-sharing plan. A separate adoption agreement and completed application must be provided for each such defined contribution plan. In the case of a simultaneous submission, submit only one basic plan document. If the request is not simultaneous, separate basic plan documents must be submitted (but the number assigned to the basic plan document of a master or prototype plan remains the same).

A VS practitioner may not combine different categories in a single specimen plan or application, except that only one specimen plan and application is required for a VS profit-sharing plan, with or without a 401(k) arrangement.

Definitions

Adoption agreement. The portion of the plan containing all the options that the adopting employer may select. The adoption agreement may include blanks or fill-in provisions for the employer to complete if it also includes parameters on these provisions that preclude an employer from completing them in a manner that could violate the qualification requirements. Each separate adoption agreement is treated as a separate plan and will receive its own opinion or advisory letter.

Basic plan document. The portion of the plan containing all the nonelective provisions applicable to all adopting employers. No options (including blanks to be completed) may be provided in the basic plan document except for options in flexible plans.

Volume Submitters without Adoption Agreements. A VS specimen plan may include blanks or fill-in provisions for the employer to complete only if the plan also includes parameters on these provisions that preclude an employer from completing them in a manner that could violate the qualification requirements.

Flexible plan. A plan submitted by an M&P mass submitter which contains certain optional provisions as allowed by section 12.03(1) of Rev. Proc. 2005-16, 2005-10 I.R.B. 674. Sponsors which adopt a flexible plan may include or delete any optional provision designated as such in the mass submitter's plan. A flexible plan adopted by a sponsor which differs from the mass submitter plan only because of the deletion of certain optional provisions will be treated as a word-for-word identical plan to the mass submitter plan.

Mass submitter. As set forth in Rev. Proc. 2005-16, any entity that submits applications on behalf of at least 30 unaffiliated sponsors or practitioners each of which is sponsoring, on a word-for-word identical basis, the same basic plan document and one or more of the adoption agreements associated with that basic plan document or in the case of VS plans one or more of the same lead specimen plans. For a mass submitter of an M&P, once the mass submitter has submitted applications on behalf of 30 unaffiliated sponsors with respect to any basic plan document, it will be treated as a mass submitter with respect to all the other basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of identical adopters of such other plans. A mass submitter of a VS plan will be treated as such with respect to each specimen plan for which the 30 unaffiliated practitioner requirement is separately met.

Notwithstanding the above, for an M&P plan, any entity that received a favorable TRA '86 opinion letter for a plan as a mass submitter under Rev. Proc. 89-9, 1989-1 C.B. 780, will continue to be treated as a mass submitter if it submits applications on behalf of at least 10 sponsors (regardless of affiliation) each of which is sponsoring, on a word-for-word identical basis, the same basic plan document and one or more of the adoption agreements associated with that basic plan document. Once the mass submitter has submitted applications on behalf of 10 sponsors with respect to any basic plan document, it will be treated as a mass submitter with respect

to all the other basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of identical adopters of such other plans. Affiliation is determined under sections 414(b) and (c) of the Code. Additionally, the following will be considered to be affiliated: any law, accounting, consulting firm, etc. with its partners, members, associates, etc.

Master plan. A form of plan that is made available by a sponsor for adoption by employers for which a single funding medium (for example, a trust or custodial account, see section 4.01 of Rev. Proc. 2005-16) is established, as part of the plan, for the joint use of all adopting employers. A master plan consists of a basic plan document, an adoption agreement, and, unless included in the basic plan document, a trust or custodial account document.

Prototype plan. A form of plan that is made available by a sponsor for adoption by employers under which a separate funding medium is established for each adopting employer. A prototype plan consists of a basic plan document, an adoption agreement, and unless the basic plan document incorporates a trust or custodial account agreement the provisions of which are applicable to all adopting employers, a trust or custodial account document.

Specimen plan. A specimen plan is a sample plan, including the related trust or custodial account, of a VS practitioner (rather than the actual plan of an employer). A specimen plan may include an adoption agreement.

Sponsor. Any person that has an established place of business in the United States where it is accessible during every business day and represents to the Service that it has at least 30 employer-clients each of which is reasonably expected to adopt the sponsor's basic plan document and one or more of the adoption agreements associated with that basic plan document. Once a person represents to the Service that at least 30 employers are reasonably expected to adopt its basic plan document, it will be treated as a sponsor with respect to all the basic plan documents and associated adoption agreements for which it requests opinion letters, regardless of the number of employers that are expected to adopt such other plans. Notwithstanding the above, any person that has an established place of business in the United States where it is accessible during every business day and is a word-for-word identical adopter

or minor modifier adopter of an M&P plan of a mass submitter will be treated as a sponsor with respect to such plan, regardless of the number of employers that are expected to adopt such plan.

Practitioner. Any person that has an established place of business in the United States where it is accessible during every business day and represents to the Service that it has at least 30 employer-clients each of which is reasonably expected to adopt a plan that is substantially similar to the VS practitioner's specimen plan.

The required number of employer-clients is reduced to 10 for a money purchase pension specimen plan in the case of a VS practitioner that has specimen plans for two or more separate categories of plans (profit sharing, money purchase, target benefit), one of which is a money purchase plan, and the 30 employer-clients requirement has been satisfied with respect to the other specimen plan.

A VS practitioner may submit any number of specimen plans for advisory letters provided that the 30 employer-clients requirement (or 10, if applicable) is separately satisfied with respect to each specimen plan. Notwithstanding the above, any person that has an established place of business in the United States where it is accessible during every business day may sponsor a specimen plan as a word-for-word identical adopter of a specimen plan of a VS mass submitter, regardless of the number of employers that are expected to adopt the plan.

A VS practitioner is also a practitioner that has either (a) 30 or more adopting employers in each of 30 or more states or (b) 3,000 or more adopting employers. The determination as to whether there are 3,000 or more adopting employers or 30 or more adopting employers in each of 30 or more states may be made on any one date during the 12 month period ending on April 18, 2005. For this purpose, an adopting employer is any employer that has adopted any plan of the practitioner that has a GUST advisory letter.

M&P National Sponsor. A sponsor which has either: (a) 30 or more adopting employers in each of 30 or more states, or (b) 3,000 or more adopting employers on any one date during the 12-month period ending on April 18, 2005. For this purpose, an adopting employer is any employer that has adopted any plan of the sponsor which has a GUST opinion letter.

M&P Standardized plan. A plan which meets the specific requirements of Part II of this form.

Specific Instructions

Line 1. All applications submitted must be accompanied by the appropriate user fee and Form 8717, User Fee for Employee Plan Determination, Opinion and Advisory Letter Request, as determined from the schedule in Rev. Proc. 2006-8, 2006-1 I.R.B. 245 (or the most recent version, updated annually). Applications submitted without the proper user fee will not be processed and will be returned to the applicant.

Line 3a. Enter the name and address of the applicant. If the Post Office does not deliver mail to the street address and the sponsor has a P.O. box number, show the P.O. box number instead of the street address.

Line 3d. Complete type of Applicant. If Volume Submitter Practitioner is the type that has either (a) 30 or more adopting employers in each of 30 or more states or (b) 3,000 or more adopting employers, check the box next to Volume Submitter National Sponsor.

Line 4a. If the person to be contacted is other than an employee of the applicant, please enclose an authorized power of attorney. See *Disclosure requested by taxpayer* on page 10.

Line 4c. The applicant should include an email address in order for the Service to send an interim email notifying the applicant that review of the applicable plan has been completed, subject to final approval by opinion or advisory letter.

Line 5a. Enter the two-digit basic plan document number you have assigned to the basic plan document designed to accompany the adoption agreement for which you are requesting approval. All basic plan documents from one sponsor which are the same (word-for-word) should use the same two-digit number on all applications. The first basic plan document submitted should be numbered "01," the second, "02," etc.

Line 5b. Enter the three-digit number you have assigned to the adoption agreement for which this application is submitted. Each different adoption agreement designed to accompany a single basic plan document should be given a different three-digit number

beginning with "001." For example, if the first basic plan document of a sponsor has four separate adoption agreements, they should be numbered "001" through "004," and four separate Forms 4461 should be submitted. Adoption agreements submitted with the second or any subsequent basic plan documents (that are not word-for-word identical to a previously submitted basic plan document) should be similarly numbered beginning with "001."

Line 9. Procedural requirements. A separate application must be submitted for each different plan/adoption agreement combination.

In the case of a VS plan, a separate application must be submitted for each type of plan, except that only one specimen plan and application is required for a VS profit-sharing plan, either with or without a 401(k) arrangement.

Line 9b. The applicant must submit, along with this application, either: (a) a copy of the amendment, a description of the amendment and its effect on the plan, and a working copy of the plan currently in effect, or (b) a copy of the amended plan in restated form with areas of change highlighted (a restated plan). If a restated plan is being submitted with this application, a copy of the amendment and a description of such amendment need not be submitted. The Internal Revenue Service may, at its discretion, require plan restatement any time it deems necessary.

In any event, a restated plan must be submitted by the deadline for the applicable remedial amendment cycle described in Rev. Proc. 2005-66.

Line 9c. If you checked "Yes," submit a copy of such plan with language differences highlighted. Attach a cover letter which provides the name and file folder number of the plan (including the name and employee identification number of the sponsor), a list of all plans written by the plan drafter which are substantially identical to the lead plan (including the information described above), a description of each place where the plan for which the application is being submitted is not word-for-word identical to the language of the lead plan (including an explanation of the purpose and effect of each difference), and a certification, made under penalty of perjury by the plan drafter, that the information describing where the plan language is not word-for-word identical is true and complete.

Line 9e. The mass submitter should use Form 4461-B, Application for Approval of Master or Prototype or Volume Submitter Plans, Mass Submitter Adopting Sponsor or Practitioner, when submitting applications on behalf of its adopting sponsors, and submit Form 8717.

Line 10I. A plan sponsor or practitioner will be treated as satisfying the requirements of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and section 414(u) if the terms of the plan provide that an employee reemployed after qualified military service is not treated as incurring a break in service, for purposes of vesting and benefit accruals, solely because of an absence due to qualified military service.
