Guides on Tax Avoidance Schemes

### **Recognizing Tax Avoidance Schemes**

Publication 3995 (Catalog Number 33989Q)

Is a tax promoter telling you it is ok to...

- Under report your income or intentionally omit income?
- Keep two sets of books or make false entries?
- Hide or transfer assets or income?

If it sounds too good to be true to any of these questions, it probably is. This brochure cautions you against schemes and tells you how to avoid them. It is also available in Spanish.

### **Home-Based Business Tax Avoidance Schemes**

Publication 4035 (Catalog Number 34333A)

Most taxpayers with home-based businesses accurately report their income and expenses. However, there are a number of tax schemes that erroneously assert that individuals can operate any type of unprofitable "business" out of their home, and then claim personal expenses as business expenses. This brochure explains these types of schemes and how to avoid them. It is also available in Spanish.
